7 The Travelling allowances of non-official members of the Local Boards are not regulated by the rules of the Mysore Service Regulations, but by special rules contained in para 22 of the Local Boards Regulations. The minimum distance to be travelled and the rate at which the allowance is to be paid are fixed and the condition under which it is admissible is only one. The certificate required is therefore to satisfy this only condition, and it should be to the following effect:- "The travelling expenses .. amounting to ---, for attending the meeting on-- claimed were necessarily and bona-fide incurred solely in the public service".

10 The present form of Travelling allowance bill for office establishments, with the above certificate, (omitting the 3 or 4 printed on it in accordance with the rules of the Mysore Service Regulations) appears sufficient for the purpose

The total number of members from all the Taluk and District Boards is considerable and the number of bills that would be received from these for the whole year would be large, if each member is permitted to prepare his own bill separately. This would unnecessarily increase the ~~whole~~ " of this office. I would therefore suggest that the Taluk or District Board as the case may be, should prepare one consolidated bill for all the members of each meeting and should disburse the amount of each bill at the time the next Taluk or District Board meeting is held,--when all the

the members would be present taking the receipt of each member in the usual way. At each meeting the meaning of the certificate should be explained to each of the members and the signature of those members who claim travelling allowance for that meeting should be obtained to a certificate which should be attached to the bill when drawn.

2 D Sec 11/2/09 13) The Comptroller suggests that a consolidated bill be prepared by the Taluk or Dist. Board and the members be paid when they attend the next meeting. His suggestion does not seem to be acceptable. It devolves more work on the Dist and Taluk Boards and is besides inconvenient to the members also. The Dist. The preparation of one consolidated bill seems to have been in practice in the Bangalore Kolar and Tumkur Dts, but it was given up in the Tumkur Dt as it did not work satisfactorily As regards payment, the President of the Dt Board of Shimoga recommends that after each bill is returned audited by the Comptroller, the President should issue cheque to the Bankers concerned for payment, while the Dt Boards of Kadur are in favour of payment of the amount either by Money

50) The procedure suggested by the Comptroller in regard to the drawing of travelling allowance by District Board members is that a consolidated bill be prepared by each Taluk or District Board on the Establishment T. A bill form per all the members attending a meeting and entitled to T. A., may instead of the certificates now appearing on that form, a certificate be inserted that the travelling expenses claimed were necessarily and bona fide incurred solely on the public service and the same explained to the members at each meeting and their signatures taken to it, and that the amount of each bill be disbursed to the members at the time of the next meeting.

51) The objections to the above procedure are (1) the bill cannot be prepared and the signatures of members taken to it as suggested, as it should include

the actual expenses of the return journey also and the return journey will be not have been made at the time of preparing it and (2) the mode of payment suggested is not convenient as some of the members to whom amounts are due may not be present at the next meeting to receive payment and also as the system offers opportunities for misappropriation to the clerks entrusted with the custody ~~with~~ of the money. The objections do not seem to be without force. The President of the Tumkur District Board state that the proposed system was in vogue in that District and was abandoned some time ago as hopelessly unsafe.

52 The Presidents of the Shimoga Dist: Board and the Kadur D. B. suggest that each member be required to send his bill with the necessary particulars and certificate to the President of the District Board within a

53 As regards payment to the members, the best course to follow would be to issue cheques to ~~the~~ members for the amounts due - Where the amount due is more than Rs 10 or Rs 10, there is no objection to this being done - In the case of amounts less than Rs 10, no cheque can be drawn under para 10.3 of the Rules issued under the L. has no objection to a slight modification of this para so as to admit cheques being issued for amounts less than Rs 10 in the case of T. (54) Since the condition of the grant of T.A are simple it seems to be worth considering whether the pre audit of the bills in the Comptroller's office may not be dispensed with & the bills submitted by the members Scrutinised by the Presidents office & paid by cheques on the Taluk Treasury — the 10 rupee rule being relaxed in this case. Perhaps both the Comptroller may be consulted again

(1) The delay in the payment of Travelling allowance to Local Board Members, if any, is mainly due to the bills not being submitted to this office in proper time. The system of preaudit should continue to be adopted, I think, as in the case of all other Travelling Allowance claims.

66) (2) Under Rule 103 of the Local Board rules Cheques should not as a rule be issued for sums less than Rs. 10/-, except in recoupment of imprest on the last day of the month. In my opinion this rule should not be relaxed. There are many cases in which a little advantage can be gained by such relaxation but the disadvantages of enormous multiplication of cheques outweighs all such advantage.

67) (3) We have been receiving consolidated bills generally, and bills containing only one members' Travelling allowance not so freely. It is not clear that the preparation of consolidated bills is so inconvenient as it is supposed.

68) Small undisbursed amounts of district fund cheque are kept in hand in every Taluk with a proper account and the small undisbursed amount of this travelling allowance account may also be kept in the same way a rule being made that sums remaining in hand for over three months will be refunded.

Resolution:-

The insertion of the proposed certificate on the bills to the effect that the amount of travelling allowances claimed was necessarily and bona-fideincurred in the public service may be adopted As regards the preparation and payment of bills , the present practice of each member preparing his own bill and drawing money after it is audited by the Comptroller is simple and safe and the same may be continued . The preparation of a cohsolidated bill in respect of the claims of the members of the Board might lead to abuses , such as , drawing travelling allowance on behalf of absentees etc. Moreover if a member for whom travelling allowance was drawn in respect of a given meeting were to absent himself for the next ,the money so drawn would remain undisbursed for a long time . If between the two meetings he ceased to be a member , there would . according to the proposed system , be no opportunity at all for his receiving his allowance, while the delay that would occur between drawing and disbursing the money would offer opportunities for misappropriation on the part of the clerks entrusted with the custody of the money . The proposed system was in vogue here and was abandoned a few months ago as positively unsafe. In these circumstances the Board beg to state that they are not in favour of drawing and disbursing the Travelling Allowance to Non-Official members on consolidated bills and that it is better that each member draws his Travelling allowance on his own bills.

Sir,

With reference to Government Proceedings no: 8389-96 / L.B. 216-08 dated the 27th February 1909, proposing to lay down certain procedure for drawing and disbursing the travelling allowance claimed by the non-official members of the Taluq and the District Boards for journeys performed by them to attend the meetings of their respective Boards and requesting the submission of the views of the respective Boards as to [illegible] or otherwise of the proposals, I have the honor to state that in this District, owing to paucity of District funds, travelling allowance is at present being paid to the non-official members

of

of the District Board only, since they have to come from pretty distant places, and this charge alone amounts on an average, to about Rs 800/- a year. But when the funds of the District Board improve, the non-official members of the Taluq Boards in the District will be allowed to claim and receive the necessary travelling allowance due to them.

2. With a view to ascertain the opinion of the Taluq Boards as regards the proposed procedure, the Vice Presidents of the Taluq Boards were requested to place the matter before the said Boards, and copies of their resolutions, excepting those of Belur and Channarayapatna Taluq Boards which are not yet received, are herewith submitted. It is apparent from these resolutions that the Taluq Boards of Manjarabad, Arsikere, Holenarasipur, Arkalgud and Alur, find that the procedure proposed is sufficient and requires no modification, whereas the Hassan Taluq Board have resolved that they would give their opinion after it is known that its non-official members would get the travelling allowance.

3. When the subject was placed before the District Board at the meeting held on the 3rd May

may 1909, a resolution was passed to the effect that from the Government order it appears to be intended that the travelling - allowance bills of the non-official members would not require audit by the Comptroller at all, which would be a - saving of much time and trouble. As regards the procedure, the Board are of opinion that the proposed suggestions will be suitable. Copy of the resolution is submitted herewith

Sir,

Adverting to Government order No 8389-96/L.B216-08-1 dated the 27th February '09 calling for the views of the Taluk and District Boards in re the adoption of the proposed procedure for drawing and disbursing the travelling allowances of the non-official members of those Boards, I have the honor to state that all the Taluk Boards have unanimously resolved upon the desirability of the adoption of the proposed procedure.

2 The District Board have in their meeting held on the 28th ultimo approved of the proposed certificate mentioned in para 1 of the order under reference, but referring to para 2 they are of opinion that the present practice of each member submitting a seperate bill to the President with the proposed certificate attached to it may be continued, and that the President's office

office should prepare a consolidated bill and send it up with the individual bill containing the certificate to the Comptroller for audit, payment being made on receipt of the audited bill, by the President issuing cheques to the Amilcar concerned.

3 Regarding para 3 of the proposed procedure, the Board considers that the adoption of the system of getting the said certificate signed by the members at the meeting is a practical impossibility for the reasons that the return journey will not have been made when signing the certificate and that it is likely that all the members who attend a meeting may not be present at the next meeting to receive payment.

4 A copy of the resolution of the District Board on the subject in which I concur is submitted herewith for information.

Resolution:—

Resolution The Board are of opinion that the present practice of each member sending a separate Bill to the President may be continued the proposed certificate being attached to the bill. The President should prepare a consolidated Bill and send it up with the individual Bills containing the certificate to the Comptroller for audit. After audit, he should issue cheques to the Auditors for payment. Statistics re the income
and disbursing the
travelling allowance
claimed by the non-official
members of the District
and Taluk Boards.

Dodballapur has resolved that the travelling allowance which is being drawn by the members at the rate of 2 annas per mile sometimes exceeds the actual expense and in some cases, does not cover the actual expenses incurred, that the members do not always perform their journeys with the only object of attending the meetings but often they travel with the object of attending to their own private business also; that it is not possible to determine the proportionate actual expenses incurred on account of bonafide public purpose; that in these circumstances the members think that they would not be justified signing the certificate referred to in para 2 of the Government order under reference; and that the certificate may be omitted, allowing such travelling allowance as Government deems fit.

The Taluk Board of Nelamangala has resolved that the certificate may be omitted, for it is not reasonable to allow actual expense when the prescribed rate of travelling has been fixed at 4 annas per mile.

I beg to submit herewith copies of resolutions of the District and Taluk Boards in the matter.

Sir,

With reference to your docket No 12233/ L.B.216-08 dated 7th June 1909 observing that the opinions of the Taluk Boards have not been obtained regarding the procedure suggested for drawing and disbursing travelling allowance to non-official members and requesting that the subject may be arranged to be discussed again by the District Board. if necessary . after the receipt of the resolutions of the Taluk Boards, I have the honour to state that the District Board after careful discussion of the subject in all its aspects . came to the conclusion that they were not in favour of drawing and disbursing travelling allowance to Non-Official members on consolidated bills and that it is better that each member draws his travelling allowance on his own bills, as is done at present in this District.

As called for in Government Order 8389-96 / L.B. 216-08-1 dated 27th February 1909, copies of resolutions of the Taluk Boards on the subject are herewith forwarded.

(8) Correspondence ending with letter No. 502, dated 26th February 1910, from the President of the District Board of Tumkur.

No. 10158-66—L. B. 216-08-13, DATED BANGALORE, 9TH MAY 1910.

ORDER THEREON.—The procedure suggested by the Comptroller in regard to the drawing of the travelling allowance of the non-official members of Taluk and District Boards is that at each meeting a consolidated bill should be prepared by the Taluk or District Board on the establishment travelling allowance bill form for all the members attending the meeting and entitled to travelling allowance, that, instead of the certificates now appearing on that form, a certificate be inserted that the travelling expenses claimed were necessarily and *bona fide* incurred solely in the public service and the same explained to the members at the meeting and the signature of those claiming travelling allowance taken to the certificate and that the amount of each bill be disbursed to the members at the time of the next meeting.

2. The objections raised to the above procedure are (1) the bill cannot be prepared and the signatures of members taken to it, as suggested since it should include the actual expenses of the return journey also and the return journey will not have been made at the time of preparing the bill and (2) the mode of payment suggested is not convenient as some of the members to whom amounts are due may not be present at the next meeting to receive payment and also (3) that the system offers opportunities for misappropriation to the clerk entrusted with the custody of the money. The President of the District Board of Tumkur states that the proposed system was in vogue in that district and was abandoned some time ago as positively unsafe.

3. After a careful consideration of the subject, Government direct that the following procedure be adopted in the preparation of bills and payment of travelling allowance to non-official members of Local Boards:—

Every non-official member of a Taluk or District Board entitled to travelling allowance shall send his bill in the prescribed form with the necessary particulars and certificate to the President of the District Board of which he is a member or the Amildar of the taluk, as the case may be, within fifteen days after the meeting.

Local Fund and Sanitary (Local Boards), dated 9th May 1910.

A consolidated bill shall be prepared by the President of the District Board or the Amildar of the taluk and sent with the individual bills received to the Comptroller for pre-audit. In the case of members of Taluk Boards, the bill shall be forwarded through the President of the District Board. After the bills are received audited, the President of the District Board shall issue a cheque to each individual member where the amount due to him is Rs. 10 or more. In other cases payments shall generally be made to members at the time of the next meeting. The amount due may also be remitted by money order if member so desires and is willing to bear the commission charge.

4. Where a cheque is issued by the President of the District Board for payment in cash of the travelling allowance, it shall ordinarily be cashed only on the date on which the amount is required for payment. Any small amount of the travelling allowance drawn which may remain undisbursed shall be kept in hand as is done at present in the case of small undisbursed amounts of District Fund cheques with a proper account and sums remaining in hand for over three months shall be refunded.

5. The Superintendent of the Government Press is requested to print and supply the required number of travelling allowance bill forms (sample enclosed) on receipt of indents from Presidents therefor.
